LEAGUE RESOURCES

League finances

We cannot stress enough how important it is to follow the rules and procedures for league finances. League funds must be deposited within seven (7) days of receipt. The president must do the math monthly to [verify the league account](#) has the correct amount of money on deposit. [Learn more about league finances](#).

Online and mobile banking

Debit cards, online banking and mobile banking are very popular methods to handle finances. Banks encourage paperless banking. Users can see finances from a smart phone while on the go. These methods of banking are convenient and quick ways to check balances, pay bills and forward money to others.

Treasurer absences

When the league treasurer or secretary-treasurer is absent, another officer must collect league funds and either deposit it themselves or personally deliver the funds to the treasurer. Teammates, family members and friends who are not covered by the policies of insurance are not permitted to handle league funds.

DON'T FORGET!

Don't forget... about the prize fund. Rule 117a requires proposals to be presented for adoption by the fifth week of the schedule. League presidents, it is your duty to ensure a prize list is adopted in a timely manner. If this has not been done, please activate a prize fund committee to get at least one proposal submitted to the league for adoption as quickly as possible.
